To fulfill this requirement, the OBOT has made all these documents available on the Community Page of the campground's website – onsetcampground.org. Please pay particular attention to the policies in the Category "Cottage Owner Requirements", which have been emailed to you with this form and your unsigned lease. If and when policies are updated or new policies are created, the website is updated accordingly.

Moving forward, any new policies will be emailed to the address provided above and posted on the website.

Additionally, the Lessee understands that it is the responsibility of the Lessee to ensure that any changes to billing and/or communication information (mailing / email address) are promptly reported to the OBOT.
